Education

JIS College of Engineering, Kalyani
B. Tech in Computer Science and Engineering (AI & ML) *2024-2028*

East Point School
Secondary Education (CBSE) *2021-2022*

East Point School
Higher Secondary Education (CBSE) *2023-2024*

Skills

- **Programming:** Python (NumPy, Pandas), C, C++
- **Databases:** MySQL, MongoDB
- **Tools:** Git, GitHub, VS Code, pip, MS Copilot, Power BI
- **Core Concepts:** Data Structures, OOP, Databases, Operating Systems, Computer Networks
- **Soft Skills:** Public Speaking, Leadership, Critical Thinking

Projects

- **Jharkhand Tourism Website (Html, CSS, JavaScript, Python, SQLite, Nodejs)**– Developed a responsive tourism website showcasing Jharkhand's destinations and culture. Implemented clean UI, smooth navigation, and interactive pages. Focused on user experience and mobile-friendly design. Managed source code and version control using GitHub.
- **Auto-Reply Ai Chatbot (Python, OpenAI, Time, Pyautogui) -** Developed an AI-based auto-reply chatbot to generate and send real-time responses automatically. Integrated OpenAI API to generate intelligent replies based on user input. Used automation to detect messages and simulate keyboard actions for replying. Implemented time delays and control flow to manage response timing smoothly.

Leadership and Activities

- **Member, Gaming Club** – JIS College of Engineering (2025 – Present)
- Reached the **final round in a Quiz Competition**, demonstrating strong general knowledge and quick problem-solving skills
